

Crowd1 Project Presentation

The project is based on Online Games, online gambling and online Travel,

As Amazon is Platform (Website) for product based companies

Whatever revenue product companies generate on Amazon, Amazon gets some percentage of the revenue

Likewise CROWD1 is a Platform (Website) for online gaming and online gambling companies and Travel Companies

Whatever revenue these companies generate on crowd1 platform, Crowd1 gets 50 %

Online gaming and Online Gambling is a bigger industry than Hollywood

This is how crowd1 generates its revenue

Crowd 1 is a EUROPEAN Company

Now WHAT is OUR ROLE with Crowd1

Crowd1 offers Us to buy Owner Rights (Shares of Crowd1)

Every quarter Crowd1 pays, the dividend of the revenue generated from online gaming, online gambling, and travel apps, to its share holders, Depending on the shares one hold

That means everyone who signs up will earn money even if he work or not. Because we are buying shares of the company

The packages are

99 Euro - 50 Shares

299 Euro - 150share

799 Euro - 500 Shares

2499 - 1700 Shares

You can select according to the profit you want to earn

More the shares more the dividend you will earn

Now a person has 2 options to earn money

◆ 1) NON WORKING INCOME

I can just buy shares and every quarter i earn dividend from company's revenue

◆ 2) WORKING INCOME

I can buy shares and also promote to anyone in the world
If anyone buys the shares (different packages)
I get instant earnings out of that
Also company increases my shares

I work on 2nd option and promote to the world
It can earn us millions

Crowd1 is Rank 1 in the Alexa Ranking of the Direct Selling companies of the world

CROWD1 has created world record for the highest number of subscribers in just 1.5 year (10 Million Subscribers)

And is the fastest growing community

Soon it will be as big as Facebook and Amazon

If we work together

I will get benefit from your work and you will get benefit from my work

Lot of people in Africa are already working on this project

I will share some testimonial video from African people at the end

HOW TO WORK

After you Purchase a package

We will reach out more people and promote the company and ask people to buy the shares of the company

Remember we can promote across the globe on Facebook, Whatsapp and Instagram

Types of Earnings

- 1) Binary- (Earn Everyday)
- 2) SteamLine Bonus - (Earn Weekly)
- 3) Fear of loss (Earn 1 Time)
- 4) Quarterly Dividend (Earn Every 3 Months)
- 5) Binary Matching (Earn Everyday)
- 6) Product Purchase (Earn Weekly)

I will explain only Binary which is the biggest earning
Will explain other incomes when you signup

Binary Income: Company pays you 18 Euros on a pair of sales (2 sales Binary Income) of 99 Euro package.

That means if you find 2 people who wants to buy 99 euro package of shares, company gives you 18 Euros

Now

I want to give you a PROJECTION OF BINARY income

Let us assume in 1 month you sign up 2 people with lowest package 99 €

And second month those 2 people also sign up 2 people so it becomes 4 people in 2nd month
So...

1st months = 2 people

2nd month = 4 people

3rd month = 8

4th month = 16

5th month = 32

6th month = 64

7th month = 128

8th month = 256

9th month = 512

10th month = 1024

11th month = 2048

12th month = 4096 People

So the total sales in 1 year = 8000(aprox)

Earnings in 1 year = 8000 x 9 = 72000€

In Just one year

Even if you able to generate 10% Business is still 7200€

Isn't that amazing?

After 1st year it grows exponential every year

Now I want you to see some TESTIMONIAL videos

This is what Crowd1 can do to you and me as well

Crowd1 is just 1.5 YEAR OLD and see the achievements
